
Version 4.0 Release Date: May 15, 2006

You'll receive the Version 4.0 CD shortly thereafter. If you can't upgrade to 4.0 by June 1, 2006, you should update your values now. Otherwise, we ask that you wait for Version 4.0 to upgrade your program and values at the same time.

NOTE: Earlier versions of Bond Pro will not be supported after 2006.

New Values

June 2006 – November 2006

Download your Bond Pro Values

To download the values, follow these steps:

1. Click on the [New Values](#) link to download.
2. Click on the Save option.
3. Save the New Values file, **SBBPCR.V.EXE**, to your **Desktop**. If prompted, click Yes to overwrite the existing file.
4. Once the download is complete, you need to continue with the next section, **Update your Bond Pro Values**.

Update your Bond Pro Values

To update the values, follow these steps:

1. Start Bond Pro.
2. Click on the Maintenance menu.
3. Click on the System Maintenance option.
4. Click on the Redemption Table tab.
5. Click Browse.
6. The "File name" field should contain the update file name, **SBBPCR.V.EXE**. The "Look in" field should display the folder, **Desktop**. If so, click Open and continue with step 7. Otherwise, locate your **Desktop** folder in the "Look in" field and click on the **SBBPCR.V.EXE** file. Then, click Open and continue with step 7.
7. Click Update and wait until the screen becomes active.
8. Click Start. Please wait. This may take a few minutes. You'll be prompted when the update is complete.
9. Click OK. Bond Pro will update the Redemption Table tab with the new range of values.
10. Click Cancel to return to the main Bond Pro screen.

NOTE: Steps 1-10 must be performed everywhere the executable program is installed at your institution.

Bond Pro is ready to price redemptions for the period of **June 2006—November 2006**. You can delete the **SBBPCR.V.EXE** file from your **Desktop**.
